Lot 139 has four calves at 102 and a daughter in the herd. She is pasture exposed to WPF 11/3 to 1/5.

Hello from Sunnyhill Angus Farm!

Welcome to our 26th Annual Production Sale. Its been another good year to be in the cattle business here at Sunnyhill. We've been blessed to have good crops, a great calf crop and most important, great family and friends.

Although market conditions have come off their peak, they are still good and accentuate the need for balanced efficient cattle. We believe we are offering a tremendous group of bulls and females, sired by bulls with cutting edge genetics that will keep you successful in the cattle business for years to come. That's really what our business is about, providing genetics and support to help make our customers successful.

The cattle will be available for inspection at the farm the week of the sale. Feel free to stop by or call if you have any questions we can help you with.

Sincerely,

Kent, Wendy and Emily

### Comments from the Sale Manager

Established in 1940, the Sunnyhill Angus herd is enjoying more than 75 years in the Angus business, along with AHIR records that date to 1976. This 26th annual Angus production sale, held at the farm near Fairview, Illinois will feature another outstanding group of bulls and females. Yearlings, fall yearlings and two year olds will sell in the bull division. Also an excellent set of females will sell from the cross section of the herd.

The pedigrees are stacked with leading sires for a combination of calving ease, performance, maternal strength and carcass merit. Certainly this is an event that you will not want to miss.

It is a sincere pleasure and privilege to work with Kent, Wendy and Emily Schleich in the presentation of this solid sale offering that is sure to please. Undoubtedly the bulls are the strongest in recent memory. If you have never been to Sunnyhill, now is the time to attend. If you have been previously, you will definitely want to return.

Please don't hesitate to call on us at the American Angus Hall of Fame, if we can be of assistance with your selection decisions. We are here to serve.

Sincerely

Tom Burke Kurt Schaff Jeremy Haag  
816-520-6447

## Yearling Bulls

### Notes on the bulls:

The bulls were raised in a commercial type environment, evaluated and fed in a large contemporary group.

The bulls are semen tested by Bushnell Vet Service and are guaranteed breeders.

Lot numbers start with the original tag numbers of the yearling bulls, then go up in increments of 1 according to the age in the different sale groups.

We encourage pick up of your bulls on sale day and offer a \$100 pick up discount. For a fee, we can board your yearling bull, at your risk, until May 1. We also offer a volume discount on 2 or more bulls. We will be unable to board older bulls.

Sunnyhill Angus may keep a 1/3 semen interest any or all of the bulls selling. The buyer gets full possession and salvage value.

Check the American Angus Association website for updated information on all the registered cattle and AI sires. The values given in this sale book were as of February 6. There will be updated printouts sale day with yearling, scrotal and ultrasound data.

**GE-EPDs from Zoetis!** GE-EPDs combine pedigree information and performance data from the animal, its relatives and progeny with HD50K genomic information. It more dependably ranks animals for profitable selection decisions. Available on select bulls.
