AHIR since 1976

Quality Angus since 1940

Hello From Sunnyhill Angus Farm!

Welcome to our 29th Annual Production Sale. What a year it has been! Just like the winter of 1978-79 stays in our memories, I think this fall and winter will remain as a reminder of how tough the weather was, especially for cattle producers. Thinking of past winters makes me think of past cows, the start of performance testing and how all those genetics are wrapped up in our current cowherd.

We have used breed trait leading AI sires on our cowherd and believe our offering is full of balanced, efficient and profitable cattle for our customers to take home. We value all our customers and will be glad to answer any questions or help with any selection efforts. Thanks to Bethany and Steve Hillman for working with the cattle through the miserable weather this fall and winter. As always, we stand behind the cattle 100%.

Sincerely, Kent, Wendy, Emily & Thaddeus

Comments from the Sale Manager

SUNNYHILL ANGUS FARM – GENERATIONS OF GENETICS

Plan now to be on hand Saturday, March 9, 2019, as Kent and Wendy Schleich present the 29th Annual Sunnyhill Angus Sale, featuring generations of genetics backed by decade's worth of performance selection. The Sunnyhill Angus herd was established in 1940 and has been processing AHIR records since 1976 as one of the longest established Angus herds in America today.

Selling will be 35 outstanding Angus bulls including yearlings, 18-month olds and two-year old bulls. The pedigrees feature generations of AI breeding, and include a large selection of bulls suited for heifers. In addition, 40 Angus females will sell including cow/calf pairs along with bred and open heifers. Featured sires include KCF Bennett Fortress, Deer Valley Old Hickory, Tex Playbook 5437, SS Niagara, Ellingson Chaps, Carters Counterweight, Connealy Front and Center, VAR Reserve and SAC Conversation.

It is a pleasure and privilege to work with Kent, Wendy and Emily in the presentation of this sale offering. Undoubtedly you will be impressed with what you find. Please don't hesitate to call the American Angus Hall of Fame if we can be of assistance in anyway. We are here to serve.

Sincerely,

Tom Burke Kurt Schaff Jeremy Haag

Yearling Bulls

Notes on the bulls

The bulls were raised in a commercial non-pampered environment, evaluated and fed in a large contemporary group.

The bulls are semen tested by Bushnell Vet Service and are guaranteed breeders.

We encourage pick up of your bulls on sale day and offer a \$100 pick up discount. For a nominal fee, we can board your yearling bull, at your risk, until May 1. We also offer a volume discount on 2 or more bulls. We will be unable to board older bulls.

Sunnyhill Angus may keep a 1/3 semen interest in any or all of the bulls selling. The buyer gets full possession and salvage value.

Check the American Angus Association website for updated information on all the registered cattle and AI sires. The values given in this book were as of February 12. There will be updated printouts sale day with yearling, scrotal, 50K and ultrasound data.

For ease in comparing the yearling bulls, this table lists them with their birth weight and CED, Birth, Weaning, Yearling EPDs and their weaning ratios. The calving ease score codes are as follows: H+ is exceptional calving ease, H will work on most heifers, HC should work on larger older heifers, C is for cows only. H+, H and HC will also work extremely well on cows.
