Welcome to our 31st Annual Bull and Female Sale. Despite the trials of 2020, those of us in the farm and ranch community continue to do what we do best...work hard to feed people.

I am very excited about this year's offering and believe it is our best ever. Over 90% of our bulls are AI sired and we think we are using some of the best complete sires in the industry. The cow families behind the cattle selling can be traced back to the first cattle my father obtained from local Angus breeders 80 years ago. Since then, AI sires have been used to build functional females with productivity and convenience traits. Our oldest cow today, a 17 year old was sired by New Design 878 and has a calving interval of 15 @370. Her great granddam, born in 1984 and sired by Shoshone Viking had an interval of 13@392.

We value all of our customers and want to help you in any way possible. The cattle can be seen anytime and all updated information should be available by February 28th. Call or message us anytime to talk cattle or discuss the sale offering.

Kent, Wendy, Emily and Thaddeus

COMMENTS FROM THE SALE MANAGER

The 31st Annual Angus Production sale for Sunnyhill Angus Farm takes place on Saturday, March 13th. As one of the oldest ongoing Angus herds in the Midwest, Sunnyhill has cemented a reputation as a reliable source for proven performance genetics. With AHIR records dating to 1976, the stacked performance behind this herd is nearly unprecedented.

Selling will be 35 spring and fall yearling bulls, plus an elite set of females consisting of cow/calf pairs, bred cows and heifers and open heifers. The quality is definitely of the finest to date. Featured sires include SAV Rainfall, Tehama Tahoe, Deer Valley Growth Fund, Deer Valley Wall Street, SS Niagara, TEX Playbook and more.

If you are looking for outstanding, practical cattle backed by generations of performance, plan now to be on hand sale day. Please don't hesitate to call on us at American Angus Hall of Fame if we can be of assistance. We are here to serve.

Yearling Bulls

The bulls were raised in a commercial non-pampered environment and evaluated and fed in a large contemporary group. The bulls are semen tested by Bushnell Vet Service and are guaranteed breeders.

We encourage pick up of your bulls on sale day and offer a \$100 pick up discount. For a nominal fee, we can board your yearling bull, at your risk, until May 1. We also offer a volume discount on 2 or more bulls. We will be unable to board older bulls.

Sunnyhill Angus will keep a 1/3 semen interest in any or all of the bulls selling. The buyer keeps full possession and salvage value.

Check the American Angus Association website for updated information on all the registered Cattle and AI sires. We encourage visitors. The cattle can be viewed anytime, but after February 28, they will be in place, with updated information including yearling, scrotal, 50K and ultrasound data.
