Welcome to our 32nd annual Bull and Female Sale at Sunnyhill. We are grateful for all our customers, past and present and appreciate your business and your friendship. We look forward to seeing you as well as new cattle producers.

Hopefully you have enjoyed a good year in the cattle business. We love working with cattle and despite the trials of a tornado last summer, the cattle came through it all. Our bulls are sired by a blend of old and new sires and are very uniform. The open heifers are also very consistent and are headlined by some elite heifers in terms of phenotype and data. The cows are extremely solid throughout with elite cow families represented.

We encourage you to take a look prior to the sale to judge for yourself. We always enjoy talking with visitors. If you have any questions please don't hesitate to call. Thanks again for looking at our sale book and we hope to see you March 12 at Sunnyhill.

COMMENTS FROM THE SALE MANAGER

Generations of Genetics

The Midwest source of decades worth of performance selection will be featured on Saturday, March 12, 2022 at Sunnyhill Angus Farm near Fairview, Illinois. This 32nd annual Angus Production Sale features one of the oldest ongoing Angus herds in the Midwest as practiced continuous performance selection with AHIR records since 1976. Sunnyhill has cemented a reputation for being a reliable source of proven performance genetics.

Selling will be 35 Angus bulls, both spring and fall bulls. Also selling will be 35 Angus females comprised of open heifers along with spring bred and pairs. Featured sires include SAV Rainfall 6846, Tehama Tahoe B767, Mogck Entice, SS Niagara Z29, Tex Playbook 6437 and Deer Valley Unique 5635.

If you are looking for outstanding and practical cattle backed by generations of performance, plan now to be on hand sale day. Please don't hesitate to call on us at American Angus Hall of Fame if we can be of assistance in any way. We are here to serve.

Sincerely,
Tom Burke

Yearling Bulls

The bulls were raised in a non-pampered environment similar to that of our customers and were NOT CREEP FED. Post weaning, the bulls were fed in a large contemporary group on a ration designed to not over condition them. A complete herd health program is followed as recommended by Alan Barclay from Bushnell Vet Clinic. All bulls are semen tested and guaranteed breeders.

We encourage pick up of your bulls on sale day and offer a \$100 pick up discount. For a nominal fee, we can board your yearling bull, at your risk, until May 1. We also offer a volume discount on two of more bulls. We will be unable to board older bulls.

Sunnyhill Angus will keep a 1/3 semen interest in any or all of the bulls selling. The buyer Keeps full possession and salvage value.

Most of the information updates should be done by February 28. We encourage you to look at the cattle prior to the sale. Compare the quality and docility of our bulls and their data. Compare the program behind them and compare our prices.

A heifer bull in the top 10% CED, he is the paternal brother to Lot 88 and has a War Party dam.

This bull was one of the high sellers at the recent Horsley sale and his dam was purchased here as a heifer. His granddam was the mother of one of our high selling Wall Street sons that sold in our sale last year to Andrew Gavin, Monmouth. Just a sample of what you can find inner replacement heifer offering.

Open Heifers and Spring Pairs

The cow offering is one of our best groups with most being AI sired, many with multiple generations of AI in their pedigrees. Our general practice is to sell coming seven year olds. They have left us females to build on, are in their prime production years and have great future for their buyers since it is not unusual for our cows to be productive past 12 years of age.

A lot of these cows are sired by or bred to well known AI sires. It is also an opportunity to purchase some of the first services of Connealy Common Ground (#19829219) a new bull owned by Deer Valley, Prairie View and Select Sires that has an interesting pedigree and data combination.
