Welcome to Sunnyhill Angus Farm. This year marks our 35th Annual Bull and Female Sale and our 85th year raising Angus cattle. We appreciate and are thankful for all our past and present customers, and hope to see you, and some new faces, on March 8th. The cattle market is going strong and it's great to be rewarded for all the hard work we put in as beef producers. We feel that by using the genetic and mating selection tools we have in the cattle industry, we have a great opportunity to continue being profitable. We are offering bulls that can help you in your operation, no matter what your need is. Feel free to contact us ahead of time for any information or questions concerning our bulls.

We have tried to develop a cowherd that is efficient and productive. Our cows exist on roughage and our calves are not creep fed. AI has been used for many years as we have tried to fine tune the genetics to develop cattle for the commercial producer's environment. We've already heard several comments from visitors about the uniformity of our heifer crop. Some of the most consistent comments we get are about the docility of the cattle. We hope you can come take a look for yourself and evaluate their maternal genetics.

We are looking forward to sale day and hope you can make it to visit. Come for a look prior to the sale and judge for yourself. We always enjoy and welcome visitors. If you have any questions, do not hesitate to call, email or text. We will have internet bidding available for those who can't make it. Thanks for looking at our offering and we will see you on the 8th.

SUNNYHILL ANGUS - Kent Schleich - 309-338-2957

www.sunnyhillangus.com

A big thank you to all who help make the sale happen:

Brady Hanes, Jayson Kuzniar, Jeremiah Larson, Jon Penning, Chris Zimmerman, Jacob Tompkins, Charity Long, Sandy and John O'Neill, Mary and Scott Perilles family, Chris Marinich, Monte Rowland, Allen Barclay, Bushnell Vet Clinic, Tad White.

Cattle Viewing:

The sale offering is available for viewing anytime leading up to sale weekend at the farm.

We will have everything in sale pens starting Friday March 7, 2025.

We look forward to seeing each of you sale weekend!

Bulls in this sale have been Parent Verified as well as had EPD panels run on their DNA. This is to insure each of you the most accurate performance data possible!

Watch the Sale on CCI.live!

*The best, the fastest and most
comprehensive marketing & bidding tool!*

How to Bid Online...

- **As a buyer**, you do not need an account or to login to watch the sale but you must have a validated account to bid.
 - After you are logged in, you must proceed to the sale page for any and every auction and click **"Get Buyer Number."** Some auctions require a pass-code to obtain a buyer number even after you are approved by CCI.live. Pass codes generally come from the sale manager or ranch for that particular sale.
 - CCI.live will operate with ease on a **cellular device, laptop, desktop or tablet.**
- A **modern or current browser** is important and will make your experience better. You do not need to install the app on cellular devices to watch a sale. CCI.live is a browser-based application meaning it will play on most new browsers, but you can also download the CCI.live app at the Apple App Store or through Google Play.
- **For successful bidding you must have good Internet service!** It is very important to be stationary. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen - it is real time and refresh your browser if you feel like you have some lag.
- **Support line open during all sales. 405-400-9505** - Please contact the ranches for invoices and trucking.
